- depuis le portail Azure, demander de bénéficier de l'offre Azure for Students.

Création du compte GitHub

- * accédez au site <https://education.github.com>
- * cliquez sur le bouton ****Join Global Campus****

- puis cliquez sur le bouton **Sign up for Student Developer Pack**

GitHub Student Developer Pack

Learn to ship software like a pro. There's no substitute for hands-on experience. But for most students, real world tools can be cost-prohibitive. That's why we created the GitHub Student Developer Pack with some of our partners and friends.

- choisissez ensuite l'offre non payante **Continue for free** :

The image shows a comparison of GitHub pricing plans. On the left is the 'Free' plan, and on the right is the 'Enterprise' plan, which is marked as 'Recommended for you'. The 'Free' plan includes unlimited public/private repositories, 2,000 CI/CD minutes/month (free for public), 500MB of Packages storage (free for public), and community support. The 'Enterprise' plan includes everything from other plans plus SAML single sign-on, advanced auditing, enterprise managed users, user provisioning through SCIM, enterprise account for multiple organizations, environment protection rules, audit log API, SOC1, SOC2, type 2 reports annually, FedRAMP Tailored Authority to Operate (ATO), GitHub Connect, 50,000 CI/CD minutes/month (free for public), and 50GB of Packages storage (free for public). Under 'EXCLUSIVE OPTIONS', it lists GitHub Advanced Security (automatically find and fix vulnerabilities) and Premium support (30-minute SLA and 24/7 support). At the bottom of each plan is a button: 'Continue for free' for the Free plan and 'Start a free 30-day trial' for the Enterprise plan.

Enterprises get GitHub's best.

Increase developer velocity. Secure every step. Automate entire workflows.

Free

- Unlimited public/private repositories
- 2,000 CI/CD minutes/month
