Ecran d'accueil

The screenshot shows the Proxmox Virtual Environment 5.3-11 web interface. The browser address bar shows a URL starting with https://10.11.8006/#v1:0:18:4:..... The interface has a dark blue header with the Proxmox logo and the text "Virtual Environment 5.3-11". Below the header, there is a search bar and a notification "Vous êtes connecté en tant que 'techer.charles@'". The main content area is divided into two columns. The left column, titled "Vue Serveur", shows a tree view of the server hierarchy: "Datacenter (cluster0)" is expanded, showing "siohyp1", "siohyp2", "siohyp3", "B2SIO", "ContexteGSB", "ContexteM2L", "GPME", "ICN-ISN", and "Infrastructure". The right column, titled "Datacenter", shows a search bar and a table of virtual machines. The table has columns for "Type", "Description", and "Utilisation ...". The table lists five VMs: "102 (FT.debian)", "103 (debian)", "105 (debianCT)", "106 (M.R-Debian)", and "107 (weshDebian)". The "107 (weshDebian)" row is highlighted, showing a usage of "14.9 %". Below the table, there is a "Tâches" (Tasks) section with a "Journaux du cluster" (Cluster Logs) tab. The logs table has columns for "Heure de début", "Heure de fin", "Nœud", "Utilisateur", "De:", and "Statut". It shows five tasks, all with a status of "OK".
