## PKI – gestion des certificats

- Autorité de certification interne

The screenshot displays a web-based interface for managing certificates and PKI objects. The main area shows a tree view with 'Root' selected, containing 'Root-Ca-Training' and its sub-entities: 'server1.training.net', 'Boris.Vassiliev', and 'Raoul.Volfoni'. The 'Actions' and 'Download' buttons are highlighted with blue boxes. Two blue arrows point from these buttons to detailed action and download menus.

**Actions Menu:**

- Renew CRL
- Remove CRL
- Remove private key
- Set as default
- LDAP publication

**Download Menu:**

- Certificate
- Identity
- CRL

Additional options for the Download menu:

- as PEM file
- as DER file
